ABOUT DAIJEX

Late Sh. Khajan Singh
FOUNDER

DAIJEX AUTO INDUSTRIES, since its inception in the year 1983, by our Founder Late Sh. Khajan Singh, has grown and developed to be the prestigious manufacturer and supplier of external accessories for four wheelers. Today we are proud manufacturer of quality products which include Front Guards, Rear Guards, Side Footsteps, Rear Spoilers, Roofrails, Luggage Carrier and many more.

Based at Delhi, our production unit is well equipped with in-house design & development & state of the art manufacturing facilities such as CNC bending, Vertical Machining Center, Blow, Polyurethane & Injection moulding & various surface finish processing facilities to provide the best quality finish. All these machines are handled by different dedicated departments in the manufacturing facility from such as procurement of production, quality, powder coating, designing, sampling, packaging and dispatched, department headed by a group of thorough professionals with years of industry experience. All the departments work in coordination with each other for better result.

Daijex focuses on quality. Before reaching the packaging desk each product bypasses several rounds of inspection and checks. We use premium quality raw material for manufacturing our products. All the dies moulds used are of good quality. All the products manufactured by us adhere to strict quality standards of production in accordance with ISO 9001 : 2008 Certification.
